"Builders of a Better World"

ARTHUR HILL TECHNICAL HIGH SCHOOL

512 SOUTH MICHIGAN AVENUE, SAGINAW, MICHIGAN

Appreciation

We, of the annual staff, would like to thank these people.

MR. HERBERT E. CHAPMAN—Out of his busy day our principal always takes time to help with any problem that might arise. He is at all times willing to share his experience and knowledge with faculty and students at Arthur Hill Technical High School.

MR. P. A. WICKSTROM—Our yearbook adviser devotes his time, both professional and private to the success of the yearbook. Though he has just begun to teach Journalism in our school, he comes here with a wealth of experience in that area.

MR. WILLARD—As the technical advisor and printer of the yearbook he has saved the staff time and effort with his advice. His aim is always the production of a quality annual.

WERKEMA STUDIO—Much of the credit for technical processing of pictures belongs to them. Also their individual and group pictures have been a welcome addition to our book.

Valuable to the success of the annual has been the work of MRS. FRANCES REESE and MISS DONELLA MAY, school secretaries.

CENTURY CLUB

To become a member of the Century Club, a person must have sold a minimum of \$100.00 worth of ads. This honor is not lightly earned and the recipient thus demonstrates the highest of endeavor and effort. This year the Annual Staff is proud to award this honor to Richard Call.

This yearbook is dedicated to Mr. Myron E. Papenguth, who teaches drafting at Arthur Hill Technical High School. We Seniors feel that because of his many years of educational work and steadfast devotion to the welfare of young people, he has well earned this honor.

Mr. Papenguth graduated from Manistee High School, Manistee, Michigan, and attended Michigan Agriculture College now called Michigan State University. Included also in his educational training is a degree from the Michigan State Police Law School. In addition, professional work in education has been completed at the Extension Centers of Central Michigan and the University of Michigan.

His many and varied experiences in the world of work include some years as a Michigan State Police Officer in the motorcycle division; twelve years as a supervising draftsman at Baker Perkins; and 31 years as a teacher of night shop classes at Tech. In addition, twenty-six years have been spent as a full time day school teacher.

Mr. and Mrs. Papenguth are parents of a married daughter who has three children, all girls. She had the distinction of being the first girl grandchild born to the Papenguth family for sixty years.

CHARLES C. COULTER
Superintendent of Saginaw Public Schools

The Superintendent is the administrative chief of the Saginaw Public Schools. His responsibility is to operate the schools within the framework of the State laws and School Board policies. Before coming here, Mr. Coulter, our present superintendent, had served the school system as teacher, principal, and assistant superintendent. He has always considered the welfare of students and teachers as the single most important part of his work.

HERBERT E. CHAPMAN

Principal of Arthur Hill Technical High School

The mainspring of all our activities at Arthur Hill Technical High School is our genial principal, Mr, Herbert E. Chapman.

A graduate of Arthur Hill High School, with a B. S. Degree from Central Michigan University, and a M. A. Degree from the University of Michigan, clearly qualifies him for the important position of Principal of Arthur Hill Technical High School.

Mr. Chapman has had a variety of important aducation positions prior to coming to Tech. These range from rural school teacher, high school instructor, and superintendent of schools.

Center Burkas Williams Powerful rebounder

This year, our basketball team, with a 10-9 record, looked very promising. Although the first part of the year was difficult, the team made a very successful come back. In the tournaments we won our first two games, but in the finals we lost to a hot shooting St. Peters & Pauls. With the experience gained this year, it is felt that a very successful basketball season will be forthcoming.
